8 Lessons**

A fun and educational piano class with a style of instruction where students will learn to play, read music, and compose their own short pieces! Our unique "twinned" (1teacher with 2 students, each with their own instrument and headphones) lessons format allows students to learn with their friends and peers, but at their own pace. Lessons are 30 minutes in length. Lesson times are assigned based on student age and experience. Please send any requests for specific lesson times directly to us at MusicLessonsOnWheels@gmail.com. We will do our best to accommodate all requests.

### **8 Lessons**

This quarter, give the gift that will last: Get them started on computer coding! Let's face it, kids love computer games. But with today's tools, they can be more than just consumers, they can be creative! We teach Kids the joy of coding by helping them make their own customized computer games and animations. At our Highly-regarded Creative Coding summer camps, day camps and after school programs, over 2000 girls and boys all around Seattle have learned to code. Our games and animations first curriculum is fun yet substantive and comprehensive. Your kids will have so much fun, they'll hardly realize how much they're learning. Not only do our students learn coding skills, but the process teaches them so much more. It strengthens logic and thinking skills; builds confidence and determination as they practice trial and error problem solving; and encourages student to flex their creative muscles as well.
