...or we will see you in the “Dr. Seuss” room!

Dear Group 1 Families,

Welcome to the seventh week of The Meridian School's Summer Quest Program! This week is called "Weird in Washington", and we will learn about Washington specific oddities, classics, and favorite places. **Mondays and Wednesdays we will be in Room 6** in the south annex of the Good Shepard Center. We will get to know each other with group games, and learn new ways to make arts and crafts. **Tuesday** we head to **Golden Gardens Park** for beach play. On **Thursday** we will visit the **EMP museum at Seattle Center**. On **Friday** we will watch a movie at **Scarecrow Video**, and cruise back to **our last Family BBQ of the summer**. All families are invited to join us at the Good Shepard Center's South Annex!

Meet the Group 1 Team...

My name is **Austin**, and I am excited to be a part of group 1! Last year I worked with incoming 1st and 2nd graders, and led them around the greater Seattle area on memorable field trips and with crafty art projects. I am from Anchorage, Alaska, and have lived in Seattle for three years working with kids. I have worked as a substitute teacher, with middle school after school programs, with adult ESL, and at Meridian for 2 years. I am a soccer player, hiker, biker, and enjoy pottery as well. I love working the summer camp, getting messy, being outdoors, and laughing with kids. It's going to be so fun!

Kendra: As a 2006 Meridian Alum, this is her third summer here at Summer Quest! Currently attending Washington State University, majoring in AMDT (Apparel Merchandising Design and Textiles) with a minor in Communications, she one day hopes to be a fashion coordinator. In her free time she enjoys relaxing while watching Netflix, cooking, baking, and spending time outdoors. She is excited to meet all of you kiddos and for a great summer! GO COUGS!

Amanda is a fun loving adult who loves to work with children! She has spent the last 5 years working in a youth development/after-school setting, and truly appreciates all ages & stages. Her favorite activities include: playing outside, cooking, arts & crafts, music & walking adventures. She is a Seattle native & proud graduate of Western Washington University.
