Meet the Group 5 team...

Kassi-

My name is Kassi and I am currently in my last year of school to become a Middle School Science teacher. I started working in Summer Camp programs 6 years ago. First I worked 4 years of Seattle Aquarium's Marine Summer camp and now this is my second year with Summer Quest. During the school year I work at Meridian in the Extended Day Program. In my free time I enjoy baking, reading, camping and adventures with my dog.

Erika-

I was born and raised in Seattle. I graduated from UW with a degree in Communication and have always been involved in programs related to the field of education. For the past two years I have been living abroad teaching English. I taught English in a small town called Toyokawa in Japan and I've recently returned to Seattle from teaching English in Madrid, Spain. I plan on returning to Spain at the end of the summer. While I'm here I'd like to continue practicing my Spanish and practice learning the guitar. I aim to live a healthy lifestyle and in my free time I like to hike, read, go to concerts/festivals, and try out new restaurants.
