8/6/2015 Dear Group Two Families,

Welcome to Summer Quest! Each week we have a theme to keep your child engaged, and entertained! The week will feature three great field trips, and two days of activities, art projects, group games, and self-directed reading! Your child will also be asked to complete a simple journal entry to help them remember and reflect on all of our fun activities!

This week we are going into the beautiful woods of the Pacific North West! Each field trip will be into a wooded nature hike that will reveal some of the area's most scenic views. We will be working on cardinal directions and compass use on our in days. Materials from nature will be used for crafts and we will even see a waterfall!

This week will be about hiking and walking in nature. This means walking- - walking-walking! Please be sure your child has a generous lunch, a well-stocked water bottle and the right shoes!

The staff for group two this year is John Buchinger, Hollis Helton, and Jessica Shatkin. John is a former teacher, museum educator and this is his second year leading a group for Summer Quest. Hollis a great maker and artist and is back for a second year. She loves having fun right along with the campers! Jessica is a recent graduate of Whitman College in Mathematics. She is an energetic and compassionate leader who loves working at camp.

Please be sure to be on time, and it is best to arrive with sunscreen already applied. We can provide other applications throughout the day. Kids are also encouraged to bring a book to read but please leave all toys at home. Summer Quest encourages healthy snacks and we ask that candy be kept at home.

This week every day you will need:

- **Good walking shoes**
- **A back pack**
- **Swim Suit / Towel**
- **Water Bottle**
- **Lunch**

Any questions about the week please email John at buchingerj@gmail.com. Or feel free to ask us at the end or the beginning of the morning.

Thanks!
John, Hollis and Jessica
