...or we will see you in the “Dr. Suess” room!

Dear Parents,

This week blasts off with “Space Camp”, exploring the far reaches of the galaxy with our creativity and imaginations. **Mondays and Wednesdays we will be in Room 6** in the south annex of the Good Shepard Center, our home base and week-long space station. We will make our own planet mobiles, alien puppets, sun catchers, space suits, and more! **Tuesday we are touring local sundials**, at Gasworks park in the morning, and Cowen park in the afternoon. **On Thursday we will spend the day at the Pacific Science Center**, and pay a visit to their planetarium. **On Friday we head to the beach at Constellation Park in West Seattle!** We will catch low tide to explore the water, and make believe that we are on the moon and other planets!

Meet the Group 2 Team...

My name is **Austin**, and I am excited to be a part of group 1! Last year I worked with incoming 1st and 2nd graders, and led them around the greater Seattle area on memorable field trips and with crafty art projects. I am from Anchorage, Alaska, and have lived in Seattle for three years working with kids. I have worked as a substitute teacher, with middle school after school programs, with adult ESL, and at Meridian for 2 years. I am a soccer player, hiker, biker, and enjoy pottery as well. I love working the summer camp, getting messy, being outdoors, and laughing with kids. It’s going to be so fun!

Kendra: As a 2006 Meridian Alum, this is her third summer here at Summer Quest! Currently attending Washington State University, majoring in AMDT (Apparel Merchandising Design and Textiles) with a minor in Communications, she one day hopes to be a fashion coordinator. In her free time she enjoys relaxing while watching Netflix, cooking, baking, and spending time outdoors. She is excited to meet all of you kiddos and for a great summer! GO COUGS!

Amanda is a fun loving adult who loves to work with children! She has spent the last 5 years working in a youth development/after-school setting, and truly appreciates all ages & stages. Her favorite activities include: playing outside, cooking, arts & crafts, music & walking adventures. She is a Seattle native & proud graduate of Western Washington University.
