MONDAY (No classes on January 16, February 20 and 27, and March 13)

Winter Crafts with Little Hands Creations

1-5 Grade

Mondays, 3:30-5:00 p.m. Jan 9-Mar 27

Expand your imagination and get creative! This class will explore intensive workshops utilizing a variety of STEAM materials and techniques to deepen our understanding of the fibers and compounds around us! The projects are designed to explore those workshop themes in multiple explorative ways. Workshop themes range from Science Crafting, Book Binding, Fabric Design, Weaving, Wool Felting, Mosaics, Wildlife foraging, Ceramics, and more! This class is designed to explore student's creative minds and teach both beginning and advanced techniques. Students also get to take home a handmade piece of art, that they can be proud of. All supplies included, let's get crafty!

* Please note that LHC policy still requires students to mask for all indoor classes. *

Beat Making and Recording Arts with After School Audio

K-1 Grade

Mondays, 3:30-4:30 p.m., Jan 9-Mar 27

Beat Making for Kids is a great way for younger children to have an introduction to songwriting. Playing with a DAW (Digital Audio Workstation) gives kids a "birds-eye-view" of the songwriting process to help them see what makes a song. Kids dive deep into learning rhythmic structure by using gridded pattern sequencers and moving colorful blocks of sound around to craft their own musical masterpiece! This promotes fun musical learning with piano keyboards, buttons & knobs - great for finger dexterity. No prior music experience required!

Beginner Hands Sewing & Crafting with Little Hand Creations

K-2 Grade

Tuesdays, 3:30-5:00 p.m., Jan 10-Mar 14

Does your wardrobe need a little freshening? We've got you covered! Little Hands Creations is excited to debut our brand-new Clothing and Wearables Machine Sewing class! No experience necessary for boys and girls to learn the basics and beyond. New students will learn machine safety and beginner sewing techniques, while the more experienced students can expand on skills they already have. This class is student-led and they advance at their own pace with autonomy over the projects they choose to create. Camps and classes are designed to teach children with both beginning and advanced skills. Projects will rotate each session to include new clothing, seasonal wearables, and our most popular designs. Projects will include Pajama Pants, Fleece hats, Fox scarf, fingerless gloves and so much more! All supplies are included!

* Please note that LHC policy still requires students to mask for all indoor classes. *

Ultimate Frisbee

3-5 Grade

Tuesdays and Thursdays, 2/7-5/18, 3:30-4:30

Meridian is excited to announce the formation of an Ultimate Frisbee team for 3rd-5th graders lead by our very own Etri Ajbour! From the beginner to the elite player, ultimate is a terrific sport that offers challenges at all levels of play. Ultimate combines athletic skills, running, catching, and throwing. Additional skills and athleticism beyond that are left up to the player's imagination. Many athletes of other sports find the transition to ultimate both easy and rewarding, as the sport requires many of the same techniques as basketball, soccer, and even lacrosse. Playing ultimate will leave you feeling

Drama Quest: Creative Adventure with Seattle Children's Theater

K-2 Grade

Tuesdays, 3:30-5:00 p.m., Jan 10-Mar 14

Travel between three curricula in each class, exploring and creating different aspects of a daily theme—story drama, movement and visual art. In story drama, students build literacy, comprehension, and imaginative play skills as they explore storytelling. In movement, students work to develop individual motor skills, and in visual art they create works of art using a variety of tools.

Creative Coding: Level Up! With Creative Coding

2-5 Grade

Fridays, 3:30-5:00 p.m., Jan 13-Mar 17

We use Scratch, a wonderfully vibrant coding tool developed by MIT that helps bring joy to a coding journey by removing frustrating syntax errors with easy-to-use drag-and-drop coding! We focus on helping teach the kids how to teach themselves and understand that learning how to code is very similar to learning how to problem solve! If you've taken our class before, you'll start day 1 with the freedom to work on whatever project you'd like to in Scratch, with our instructor ready to jump in with helpful hints when necessary. If you're new to coding, we'll walk you through a 3/4 day curriculum that helps explain and teach ALL that Scratch has to offer. That way, by class 4, you'll be ready to join in with the advanced kids in getting to decide what you want to make each week. To supplement this creative freedom, our instructor will show challenge projects every week to help inspire those who need it and demo what Scratch is truly capable of. We ask everyone who attended to bring enthusiasm and a willingness to try new things! We've had students take our classes repeatedly for years, you'd be stunned to discover how rich Scratch can be and how advanced it can become! For more info, visit creativecoding.com.
